Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Monday 07 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers in the east at first. Fine and warm tomorrow.

This Evening and Tonight:
Showers and thunderstorms in the east dying out to leave a dry and fine night for most. Becoming cloudier across northwestern parts by morning, with some patchy drizzle for northwest Scotland.

Tuesday:
Dry and largely sunny across England and Wales after a chilly start in the west. Cloudier elsewhere with some patchy rain or showers for northern Scotland. Warm in the sunshine.

Outlook for Wednesday to Friday:
Rather cloudy with rain affecting the northwest at times. Low cloud affecting some southwestern coasts. Elsewhere, largely dry with sunny spells and turning very warm in the east.
